**26/27/28  
OCTOBER  
2022**

**Uzexpocentre**

Tashkent, Uzbekistan

# MAIN FACTS AND FIGURES OF THE EXHIBITION

## «UzEnergyExpo-2022»:

**Organizer:** LLC «International Expo Group»

**Number of participants in the combined exposition:** 130 companies

**Number of participating countries:** 13 countries - Austria, Belarus, China, Estonia, Germany, India, Kazakhstan, Republic of Korea, Lithuania, Russia, Slovakia, Turkey and Uzbekistan.

**Number of visitors:** 4500 people

**Venue:** Uzexpocentre, Tashkent, Uzbekistan

**The most large-scale expositions:** Belarus, China, Turkey, Russia

### Official support for exhibitions was given by:

- Ministry of Construction of the Republic of Uzbekistan
- Ministry of Energy of the Republic of Uzbekistan
- Association «Uzpromstroymaterialy»

*With organizational  
assistance  
JSC NEC «Uzexpocenter»*

## Business program:

**October 27 at 10:00**, Seminar - presentation «Nura Group-Trust; Quality; Experience». Organizer is NURA GROUP (Uzbekistan), venue the Congress Hall at the «Uzexpocenter» NEC.

**October 27 at 11:00**, Seminar - presentation «Green Technology Selector». Organizer is the European Bank for Reconstruction and Development (Uzbekistan). Venue Congress - Hall at the NEC «Uzexpocenter».

# MAIN FACTS AND FIGURES OF THE EXHIBITION

## «UzEnergyExpo-2022»:

### OPENING CEREMONY «UzEnergyExpo-2022»

On October 26, the official opening ceremony of the UzEnergyExpo-2022 exhibition took place.

The opening ceremony was attended by:

- Chief Specialist of the Department of Contract Works and Development of the Construction Industry Ministry of Construction of the Republic of Uzbekistan - **Eliboyev Dilmurod Hasanovich**;

- Advisor to the Chairman of the Board of the Association «Uzpromstroyaterialy» - **Ibragimov Amonullo Fayzulloevich**;

- Ambassador Extraordinary and Plenipotentiary of the Republic of Slovakia to the Republic of Uzbekistan - **Mr. Yan Bori**;

- Embassy of the Islamic Republic of Iran in the Republic of Uzbekistan, Economic Adviser - **Mr. Mahdi Heidari Fard**;

## INFORMATION ABOUT THE EXHIBITION «UzEnergyExpo»:

«UzEnergyExpo» is the country's largest energy exhibition, with an increase in exposure by 30% compared to last year, this year brought together representatives of almost all the main areas of the energy complex. From year to year, attention to the exhibition is growing from government agencies, domestic and foreign equipment manufacturers and industry experts.

The main sections of the exhibition:

- **ENERGY:**

Industrial energy.

Generators and generator sets

- **RES. ENERGY SAVING:**

Instruments for accounting and economy of consumption of heat and electricity

Alternative sources of electricity

- **LIGHTING:**

Sources of light. LED

Components and materials for the production of lighting products

Lighting of industrial facilities in various industries

- **ELECTRICAL ENGINEERING:**

High-voltage and low-voltage equipment

Switchgears, switchboard equipment

Converters, transformers, transformer substations

Electric motors, electric generators, electric drives

- **CABLE:**

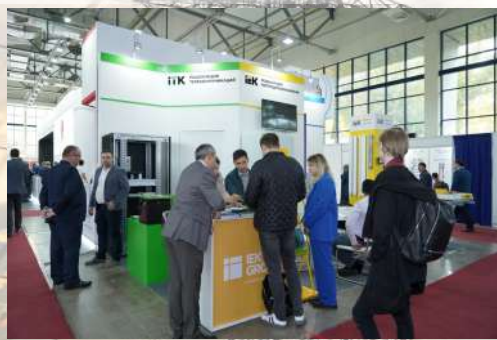

Power cables. Wires for power lines. Fittings

# THE STATISTICS OF THE PARTICIPANTS «UzEnergyExpo-2022»

## Distribution of participating companies by sector:

• Alternative energy sources -	18,5%
• RES. ENERGY SAVING -	13,4%
• Lighting products -	11,6%
• Industrial power engineering-	10,3%
• Metering devices -	11,5%
• Cables, wires, fittings -	12,4%
• Transformers -	12,1%
• High voltage and low voltage equipment -	10,2%

• Regular exhibitor -	31%
• Debutants -	69%
• Participants from Uzbekistan -	26%
• Foreign participant -	74%

# STATS-VISITORS OF THE EXHIBITION «UzEnergyExpo-2022»

## Which section of the exhibition is most interesting for you?

• Alternative energy sources -	19%
• Converters, transformers, transformer substations -	20%
• Lighting systems -	16%
• Cable - conductor products -	17%
• Electrical Engineering -	20%
• Thermal and nuclear energy -	8%

## Distribution of visitors by field of activity:

• Trade -	15%
• Distribution -	17%
• Production and sale electrical products -	24%
• Production and sale lighting devices -	15%
• Production and sale cable - conductor products -	18%
• Project organization -	11%

## The distribution of visitors by post:

• Government Representative -	5%
• Director / Manager -	18%
• Manager -	9%
• Entrepreneur -	16%
• Dealer / Distributor -	11%
• Purchasing Specialist / Provider -	10%
• Engineering worker -	7%
• Designer -	9%
• End-user -	15%

# STATS-VISITORS OF THE EXHIBITION «UzEnergyExpo-2022»

## Distribution of visitors by purpose of visit:

• The introduction of new trademarks -	2%
• Market assessment -	3%
• Maintaining existing business contacts -	8%
• Getting information about new technologies -	9%
• Purchase of new products / services -	14%
• First visit to the exhibition -	1%
• Establishing new business contacts -	63%

## Geography of foreign visitors:

Belarus, Hungary, Germany, Georgia, Iran, India, Spain, Kazakhstan, Kyrgyzstan, China, Korea, Latvia, Lithuania, UAE, Russia, Slovakia, Tajikistan, Turkmenistan, Turkey.
